BCU

BANSAL

CANVAS UDYOG

PLASTIC SHEET

Versatile sheets for multi-purpose coverage.

FUMIGATION COVER

Effective barrier for safe fumigation.

PITCH COVER

Weather-resistant covers for sports grounds.

RELIEF TARPAULIN

Strong & durable tarpaulin for emergency relief.

400 MICRON AIRPORT

High-strength sheeting for airport applications.

GEOMEMBRANE

Leak-proof membrane for industrial & environmental use.

IS 2508 PLASTIC

ISI certified plastic sheets for assured quality.

POND LINER

Reliable liners for pond & water storage.

HDPE GEOMEMBRANE

Heavy-duty HDPE membrane for maximum protection.

WIDE RANGE
OF APPLICATIONS

TRUSTED BY
INDUSTRIES

HDPE Plastic Sheet

APPLICATIONS

WATER STORAGE PONDS & TANKS

Ideal for lining reservoirs, ponds, and water containment structures.

AGRICULTURE & AQUACULTURE

Used in fish ponds, irrigation canals, and land protection.

LANDFILL & WASTE MANAGEMENT

Effective barrier for landfills, waste containment, and hazardous waste.

CONSTRUCTION & INFRASTRUCTURE

Used for tunnels, basements, roofing protection, and moisture barriers.

PREVENTS WATER
SEEPAGE & LOSS

SUPPORTS WATER
CONSERVATION

EASY TO INSTALL
& MAINTAIN

SUITABLE FOR VARIOUS
SOIL CONDITIONS

SEPARATION MEMBRANE

— THE RELIABLE BARRIER BETWEEN SOIL & AGGREGATE —

HIGH TENSILE
STRENGTH

PREVENTS MIXING
OF SOIL & AGGREGATE

EXCELLENT WATER
PERMEABILITY

RESISTANT TO
CHEMICALS, CORROSION
& UV RAYS

HIGH TENSILE STRENGTH & DURABILITY

Provides superior strength and long-term performance under heavy loads.

PREVENTS MIXING OF SOIL & AGGREGATE

Acts as an effective separator to maintain the integrity of layers.

EXCELLENT WATER PERMEABILITY & FILTRATION

Allows water to pass through while preventing soil particles from moving.

RESISTANT TO CHEMICALS, CORROSION & UV RAYS

Withstands harsh environmental conditions for extended service life.

LIGHTWEIGHT & EASY TO INSTALL

Easy handling, cutting, and installation reduce labor time and cost.

TRUSTED PROTECTION

Protects infrastructure by maintaining structural stability.

COST EFFECTIVE

Reduces maintenance costs and increases service life.

WIDELY APPLICATION

Ideal for roads, railways, drains, landfills, and various civil projects.

GEOMEMBRANE INSTALLATION

**Professional HDPE Geomembrane
Installation Services**

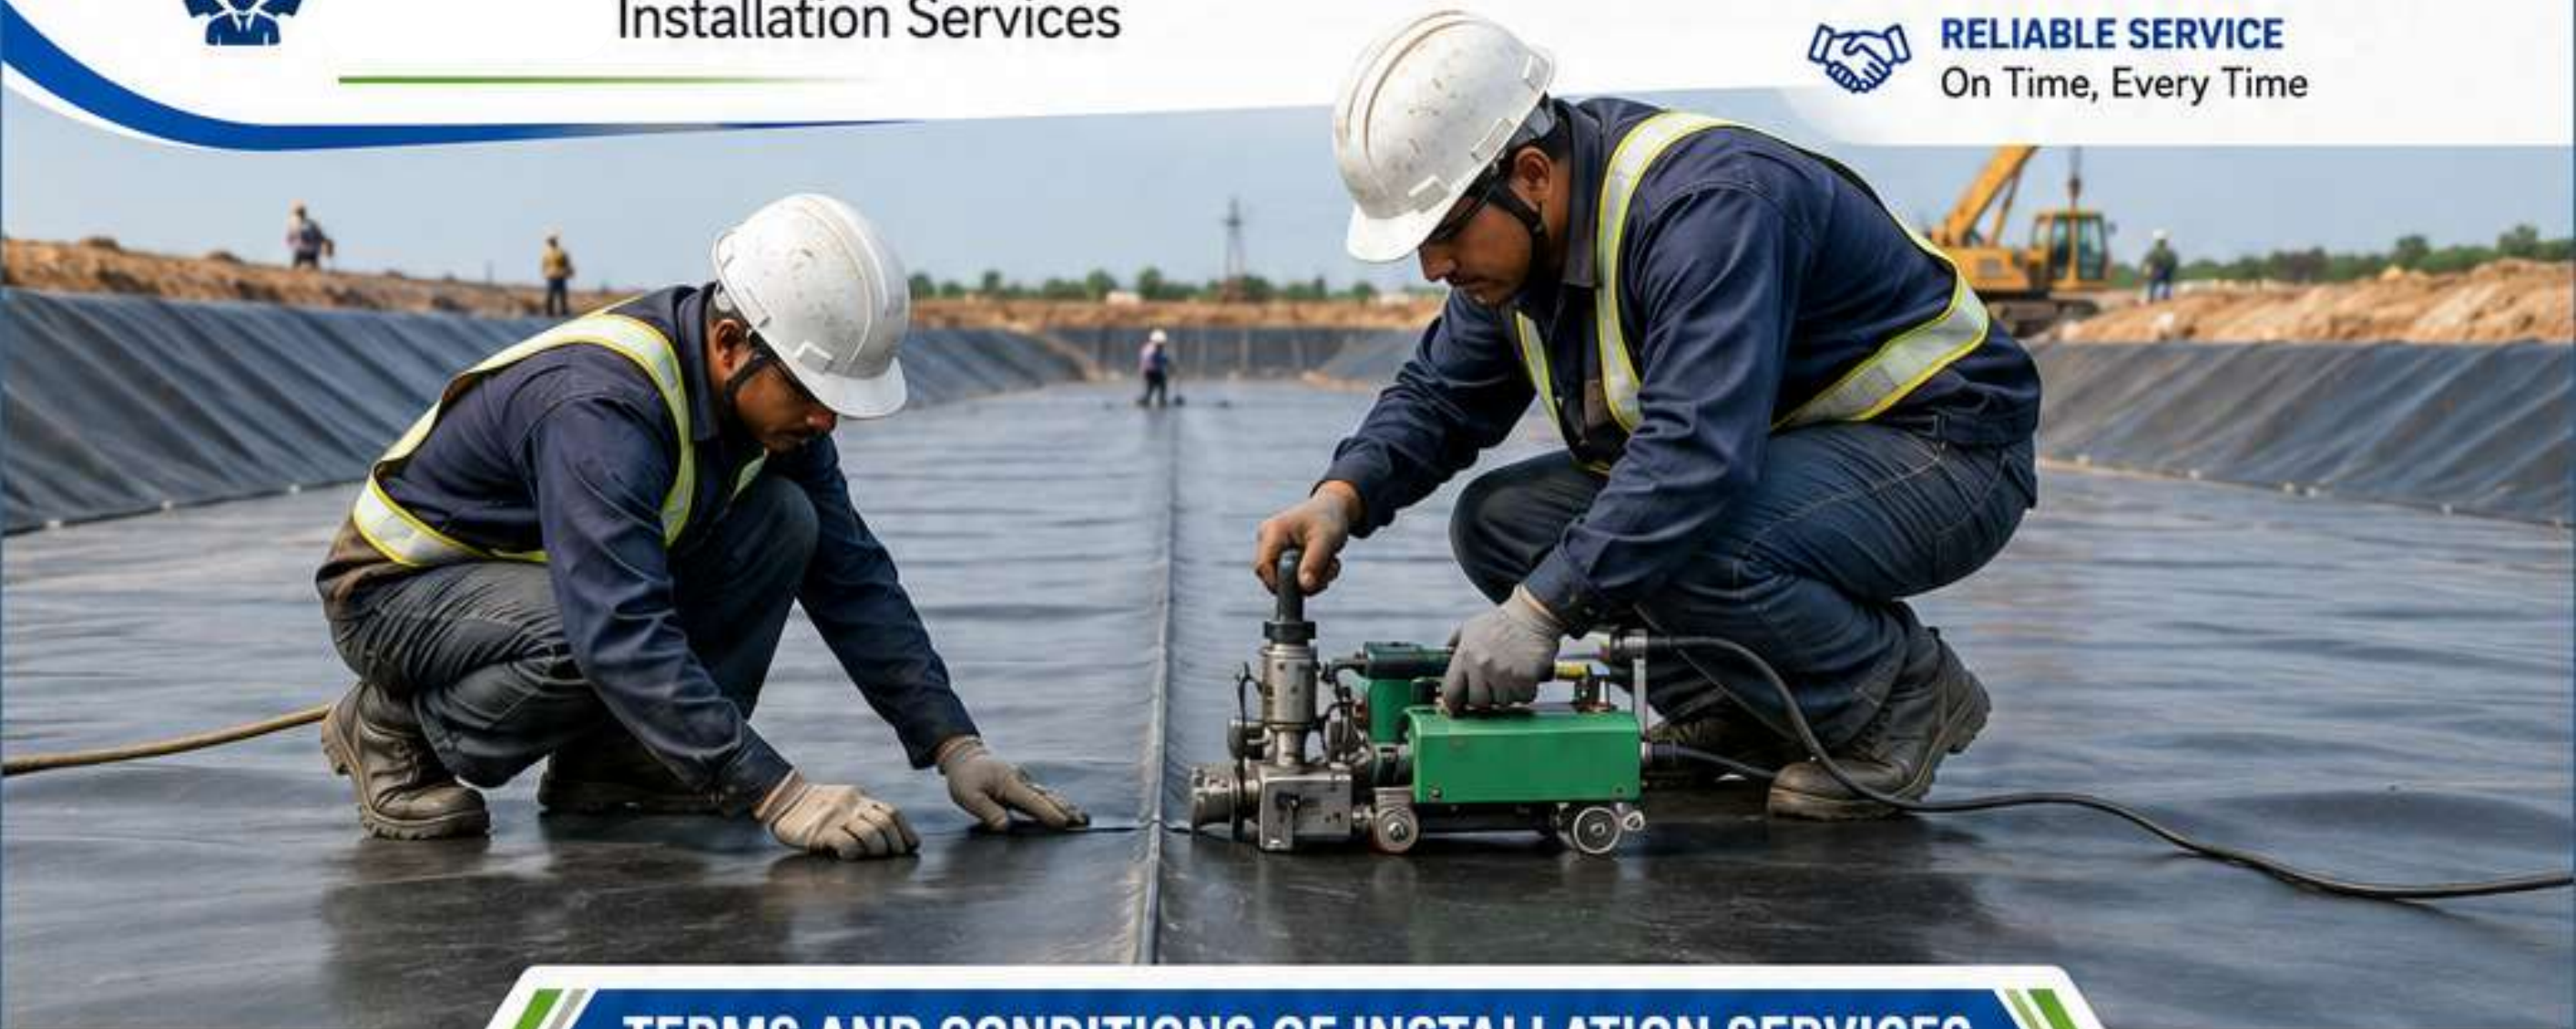

**HIGH QUALITY
Materials**

EXPERT TEAM
Professional Engineers

RELIABLE SERVICE
On Time, Every Time

TERMS AND CONDITIONS OF INSTALLATION SERVICES

01

Installation Services

We also provide installation services of HDPE Geomembrane.

02

Project-Based Cost

The cost of installation depends on project size and project requirements.

03

Expert Engineers

We will provide two or more installation engineers as per the project requirement.

04

Machines & Equipment

The installation engineers will come with all machines and equipment required for the installation.

05

Customer Responsibilities

Labour, crane (if required), power supply, and accommodation for installation engineers are to be arranged by the customer.
